

PRODUCT COMPARISON

- More flexible characteristics.
- High tensile strength.
- Withstands impacts of 100km/hr.
- Patented Impactapol material.
- 3m reflective sheeting.
- High heat resistance.

OTHER INFERIOR PRODUCTS

- Less Flexible Characteristics.
- Less Tensile Strength.
- Not capable of withstanding impacts of 100km/hr.
- Polyurethane(PU) / Polyethylene(PE).
- Low Visibility as Per Standard.
- Low Heat Resistance.
